ePrintOne Inc. Launches ePrintOne StoreFront™ Solution for Trade Only Print Industry at the 2007 Print Solutions Show

Las Vegas, NV (Oct 17, 2007) – ePrintOne Inc. has announced the launch of its new ePrintOne StoreFront™ Solution designed for Print Trade Industry. The web browser based business management and wholesale procurement system is designed to offer over 22,000 print related products to independent printers, copy shop owners, print brokers, designers and marketing professionals.

Nicole Campbell, ePrintOne Inc. President and CEO, said "We are extremely proud to launch our ePrintOne StoreFront™ Solution. It's the culmination of over 5 years of development work by a group of extremely talented people. We worked with over 100 clients to refine our software platform and make it very customer focused for power, and easy of use. We've invested over \$3,000,000 in its development and are ready to share the product with the Print Trade industry."

"Our mission is to help the Printing Industry dramatically lower overhead costs and regain profitability by harnessing the true power of the internet through the use of our trade only ePrintOne StoreFront™ Software"
